

# Embedding Media in Your Course

By embedding media in your forums, assignments, and quizzes, you can enhance student learning. You can also embed media as lectures or learning objects.

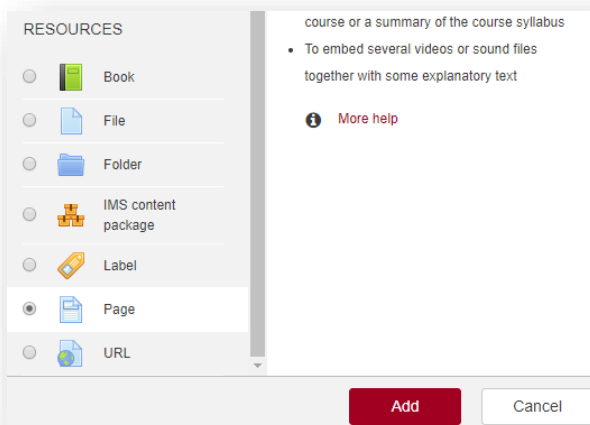

1. Click the gear dropdown to **“Turn editing on”** in your course.

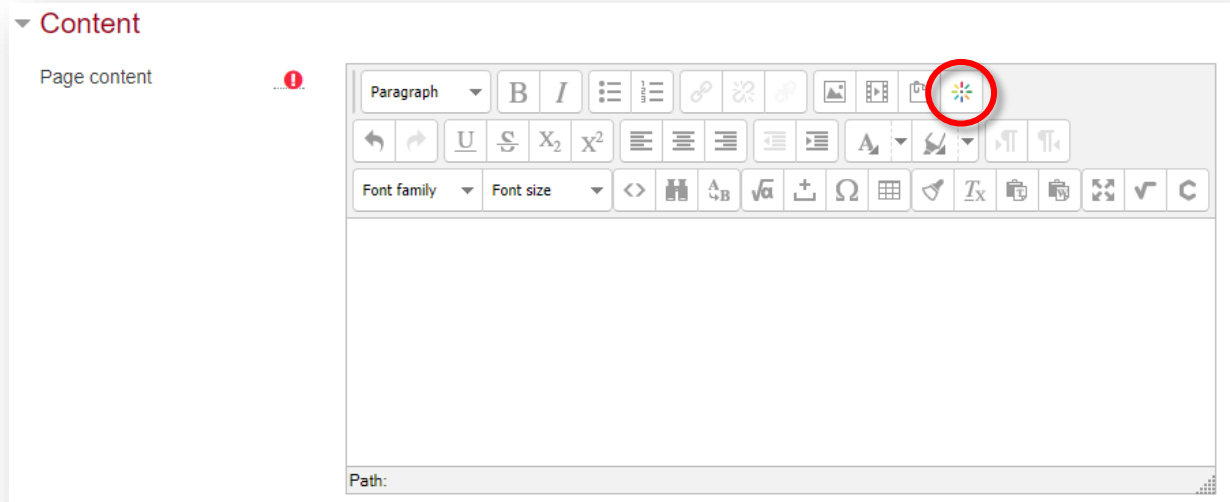

2. In the topic or week you would like to add media to, click **“Add an activity or resource.”**

3. Select an activity or resource (e.g. Assignment, Forum, Page) to add your media to and click **“Add.”**

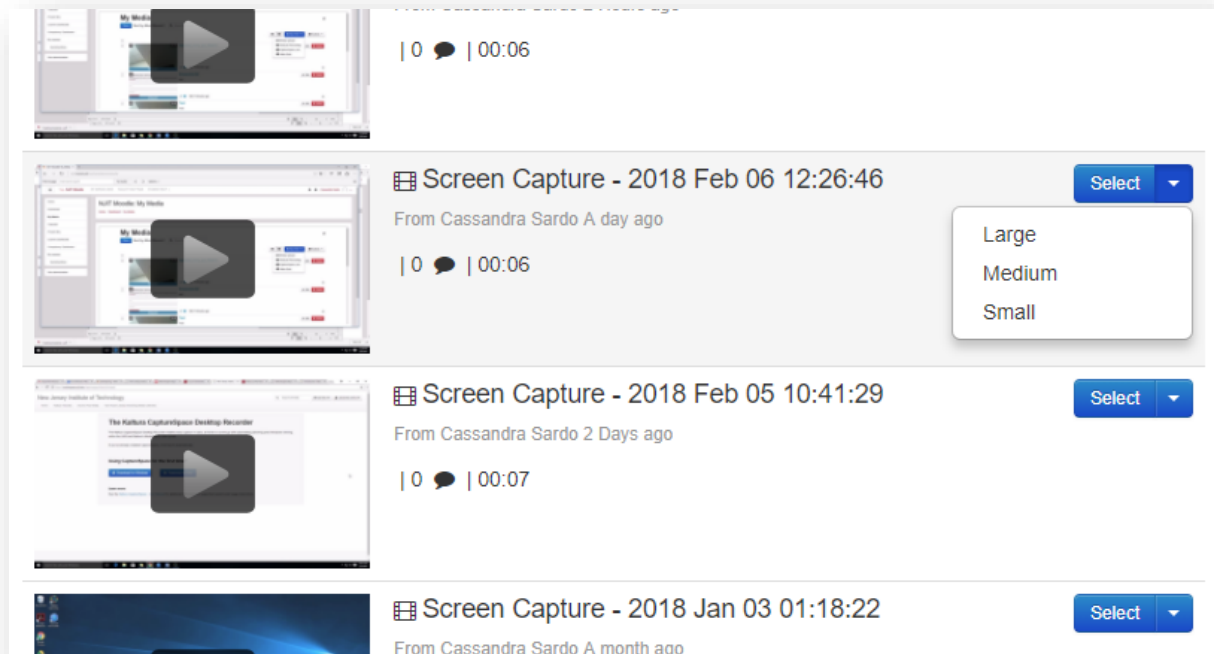

4. In the **Page content** editor, click the **“Embed Kaltura Media”** icon.

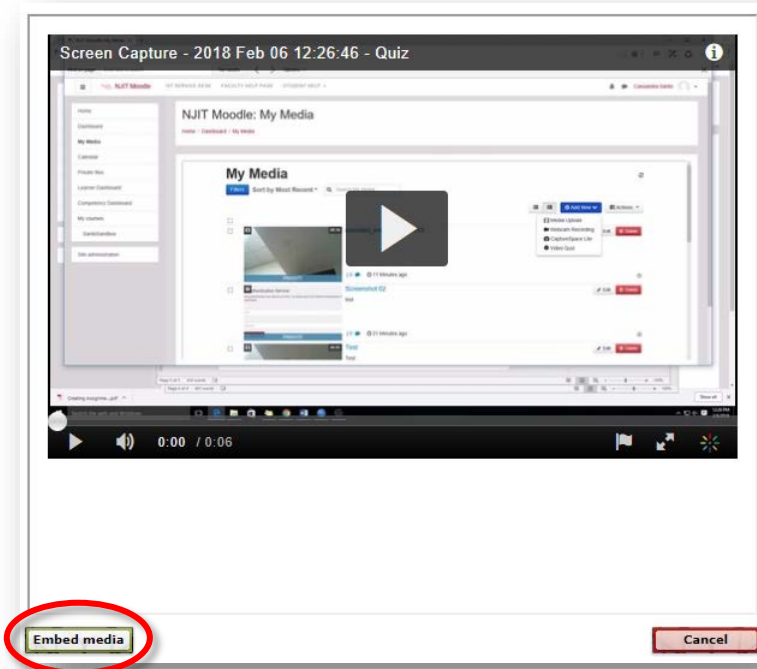

5. Your media will be listed. Click **“Select”** to the right of whichever media item you would like to include in your activity or resource.

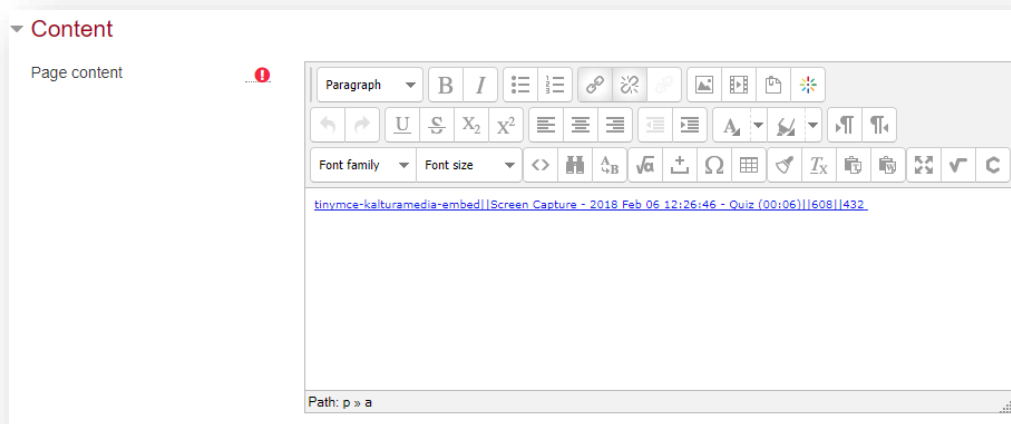

- By default, your media will be set to small. Click on the arrow dropdown to select a video size.

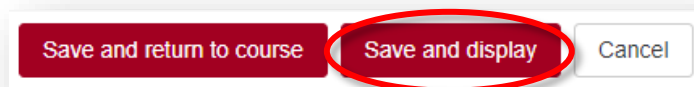

6. Click **“Embed Media.”**

7. The embedded video will appear as a link.

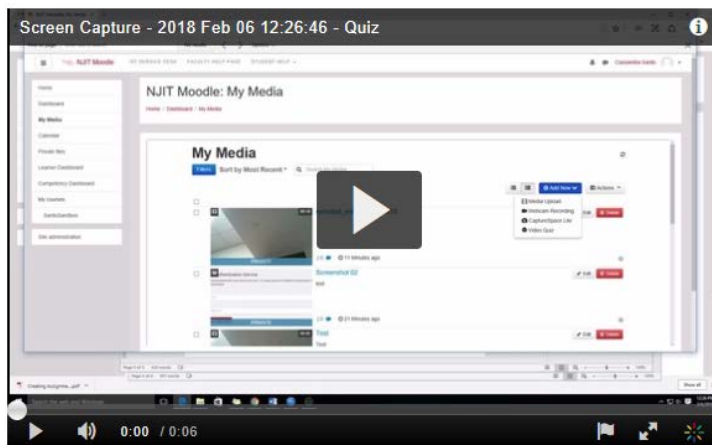

8. Click "Save and Display."

9. Your media will show up embedded in your activity or resource.
